

"Beta Board"™

Your take-away food packaging solution....

In a day and age of waste and environmental worry, it's important to find a brand that cares about where its packaging ends up and the effect it has on our planet. "Beta Board"™ is not only a quality product but one with a conscience.

The "Beta Board"™ unique design, makes it both strong and sturdy, is great looking, easily branded and fully recyclable.

Benefits include:

- Ideal for hot food and grease resistant
- Strong sturdy construction
- Fully recyclable - environmentally friendly
- Large range of sizes available
- Can be custom printed
- Made from Virgin Brown Kraft paper.
